ABOUT COMPANY

Established in 2020, Fixtop Concrete Repairs L.L.C emerged as an extension of Forsan EL Neel General Contracting, primarily to address the evolving market demands brought about by the effects of the Covid- 19 pandemic. We seized the opportunity to obtain a specialized trade license from the Abu Dhabi Economic Department, specifically focused on concrete repair and strengthening.

Our services encompass structural assessment studies, as well as a range of specialized activities within this field. Since our inception, Fixtop has evolved into a highly reputable company, distinguished by our commitment to professionalism, integrity, high- quality work, reliable project delivery, and ultimate customer satisfaction. We have developed expertise across various construction sectors, with a particular specialization in the strengthening and repair sector. Our core mission is to establish enduring and recurring business relationships with our clients, consistently fulfilling our promises to meet their specific needs. In an industry marked by shifting demands, we have excelled in finding mutually beneficial solutions.

CEO MESSAGE

As the CEO of Fixtop Concrete Repairs LLC, I am privileged to address you. Since our inception in 2020, our focus has been on providing exceptional concrete repair and strengthening services. With unwavering commitment to professionalism and integrity, we continuously strive for excellence. Our dedicated team is driven to exceed client expectations and build enduring partnerships. In an ever-evolving industry, we prioritize innovation, efficiency, and exceptional results. I express my gratitude to our valued clients, partners, and employees for their continued support as we shape the future of the construction landscape.

HOW WE WORK

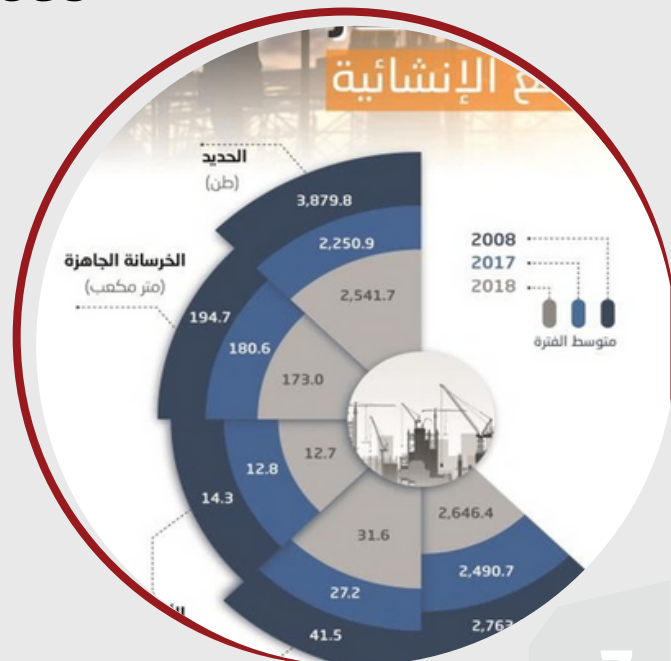

- ➔ **Client-Centric Approach:** Our work methodology revolves around placing our clients at the forefront of everything we do. We actively listen to their needs, understand their specific requirements, and tailor our solutions accordingly. By maintaining open lines of communication and fostering collaborative partnerships, we ensure that our clients' objectives are met with precision and efficiency.
- ➔ **Excellence in Execution:** We uphold the highest standards of professionalism and workmanship in every project we undertake. Our team of experts possesses a wealth of industry knowledge and technical expertise, enabling us to execute projects flawlessly. From meticulous planning to efficient implementation, we prioritize quality, timely delivery, and exceeding client expectations.
- ➔ **Continuous Improvement:** At Fixtop, we believe in the power of continuous improvement. We are dedicated to staying abreast of the latest industry advancements, adopting innovative technologies, and enhancing our processes. By embracing a culture of learning and growth, we consistently strive to enhance our capabilities, optimize project outcomes, and provide our clients with the best possible solutions.

Customized Solutions

Implement any other concrete repair methods as per the specific needs and preferences of the consultant or client. This reformatted version provides a clear and structured overview of your business services. If you have any further preferences or specific changes in mind, please feel free to let me know, and I can make adjustments accordingly.

HSE commitment

We strictly follow our Health and Safety policy that is compliant with the industry's regulations, eliminating the risk of construction hazards. Our safety-oriented staff has a vast knowledge of technical concrete repair methods and materials, which contribute to our high safety performance while delivering on time within budget. We have incorporated standards based on ISO 9001:2015, ISO 14001:2015, and OHSAS 18001-2007 which meet all the minimum requirements of dust and noise nuisance during operation.

Industrial Floorings

Industrial floors often endure high temperatures, abrasion, and heavy loads, frequently concentrated in specific areas. The lack of adequate protection can lead to substantial damage, resulting in not only costly repairs but also disruptions to work and productivity. Fixtop offers a variety of flooring systems tailored to our client's specific needs.

Car Park Coatings

Car park floors face not only high wear and tear but also potential leakages due to cracks. As a result, it's crucial to safeguard these surfaces with appropriate coatings. Fixtop provides a range of coating systems customized for various sections of the surface, such as ramps, driveways, and roof car park decking, which are exposed to UV radiation

MEET THE TEAM

At Fixtop Concrete Repairs LLC, our team is comprised of highly skilled professionals who are passionate about delivering exceptional results. With a collective expertise spanning various disciplines within the construction industry, our team members bring a wealth of knowledge and experience to every project. We pride ourselves on our commitment to teamwork, collaboration, and maintaining a supportive work environment. Through a shared dedication to excellence, our team consistently goes above and beyond to meet the unique needs of our clients, ensuring successful project outcomes and lasting client satisfaction.

SAMPLE OF OUR PROJECTS

Within Fixtop Concrete Repairs LLC, our dedicated Project Section stands as the driving force behind our successful endeavors. With a wealth of experience and expertise, our team is equipped to tackle diverse construction projects with precision and efficiency. From structural assessments to specialized concrete repair and strengthening, we undertake each project with unwavering commitment ensuring exceptional outcomes that surpass client expectations. With a focus on delivering reliable and high-quality results, our Project Section is instrumental in shaping the future of construction and creating lasting value for our esteemed clients

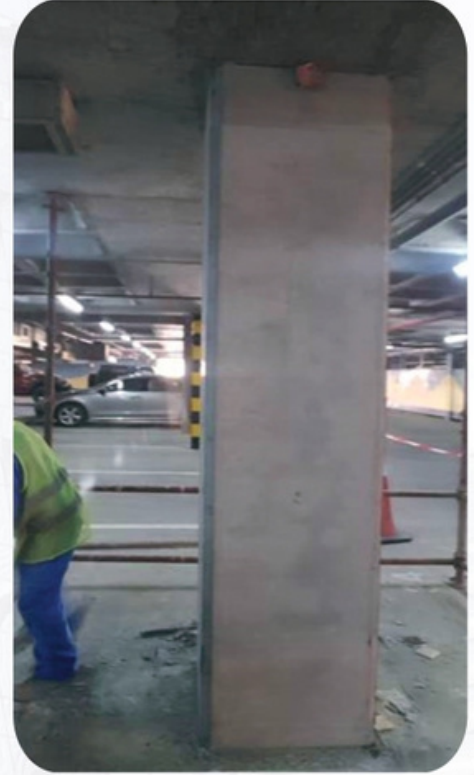

Fixtop has a track record of completing a wide range of projects, including but not limited to

- Commercial and residential buildings
- Warehouses and steel structures
- Construction in challenging areas
- Various miscellaneous general civil works

We maintain close relationships with a network of engineering consultants, architects, and other industry professionals, ensuring we are fully equipped to handle projects of varying sizes and complexities. As we continue to expand our workforce and support services, our commitment remains unwavering

As part of our commitment to transparency and showcasing our team's expertise, we gladly share visual insights into the various stages of our project execution. These carefully curated images provide a professional glimpse into our team's diligent efforts during the restoration and repair processes. By sharing these project snapshots, we aim to demonstrate our dedication to delivering high- quality results and our meticulous approach to every endeavor

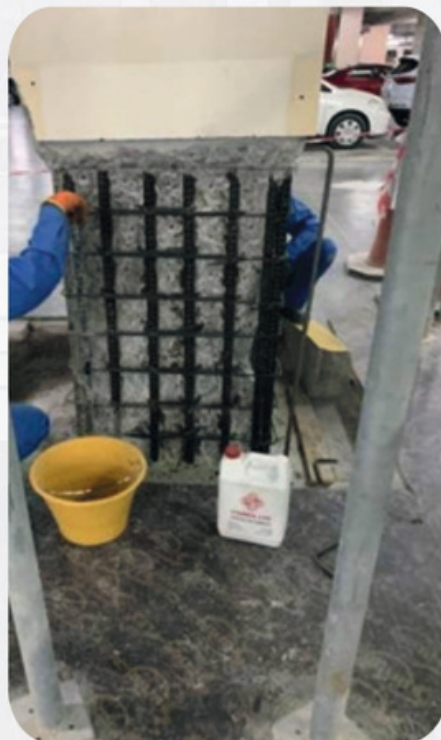

Experience our team's expertise through captivating visuals, showcasing our meticulous project execution and exceptional restoration skills

Our exceptional team executes a series of meticulous steps to ensure efficient and effective restoration and repair of various structures

Building of H.E Ahmed Khalifa AL Suwaidy (G+M+17 Floor + Roof)

Repair and strengthening of the entire building which consists of ground, mezzanine ,17floor and top roof as the life service is 48 years and needs to major repairs to continue in use and FIXTOP CONCRETE REPAIRS L.L.C has awarded the task and started the execution on 2021 December and still on progress .

Mr. Omar Murad AL Blooshi Villa

Strengthening and repair works to existing building for adding upper floor

AL Rayyan Tower

Repair and Strengthening works of basement 1 floor slab due to water leakage and concrete defects caused by non proper concrete surface which caused several defected areas the project is under supervision of Pioneer Consulting Engineers & Bruere Veritas third party structural consultant

Structural modification

Work on a three-story suspended building that has been inactive for 20 years and restored

Unique Project

The malfunction of the dewatering pumps led to a structural uplift of 125 cm. To address this issue, we implemented a solution by constructing a reinforced wall adjacent to the watering system. The wall was supported by secant piles to complete demolition and reconstruction of the building.

OUR VISION

At Fixtop, our visionary goal is to cement our position as the indisputable authority in the construction industry, redefining the standards of excellence in delivering holistic solutions. Driven by an unyielding commitment to uncompromising quality and unwavering customer satisfaction, we strive to forge an unparalleled reputation as the go-to company for dependable and trusted structural repair services in the local market. Harnessing our unmatched expertise and relentless dedication, we aspire to spearhead the evolution of construction, surpassing conventional boundaries, and generating enduring value for our esteemed clientele.

OUR MISSION

At Fixtop, our steadfast mission is to consistently deliver exceptional and reliable construction services that showcase our unique blend of creative ingenuity and technical expertise. We are resolute in our commitment to exceeding expectations by executing projects flawlessly within budgetary constraints and upholding the highest standards of quality. Our paramount objective is to provide unparalleled value and dependability to our esteemed clients, consistently surpassing their expectations through our technical prowess and innovative value engineering solutions.
